

## **Our Website's Editorial Policy**

**Local 258 encourages people to respond to all posts and post items and stories of their own too. We will not post items that are negative personal comments or attacks on our Union, AFSCME members or staff, or that are defamatory and could expose us to a lawsuit. We will check some facts, and we may ask the Union leadership to help us do that. We'll do our best to post everything. The Webmaster will review all posts and comments and decide what and what not to post. If an item is too long, we will not edit it; instead, we'll let the writer know.**
